Tranquili-Cream

Description:

Tranquili-Cream is designed for those with sensitive skin and/or rosacea. This cream contains hydrating agents and powerful anti-irritants to help reduce the appearance of redness and itching sensations, while improving skin softness and comfort immediately upon application.

Skin Type Indications:

Redness, irritation, flakey, broken capillaries

Retail - 2 fl oz (59ml)

Feature Ingredients	Known Benefits
SepiCalm VG (Sodium palmitoyl proline and Nymphaea alba flower extract)	Inhibits inflammatory pigmentation, soothes sensitive and irritated skin, inhibits inflammatory mediators
Stimu-Tex (Spent grain wax, shea butter extract, and argania spinosa kernal oil)	Rich in linoleic acid, unique phytosterols and essential fatty acids, helps regenerate the epidermal permeability barrier reducing transepidermal water loss and has anti-inflammatory properties
DermCom (Crocus Crysanthus bulb extract)	Improves epidermal communication to boost collagen and elastin production, stimulate growth factors, and renew resilience and firmness
Caresoft (Purified fraction of Curculigo orchoides root)	Working through the NHE1 receptor it helps internally control skin pH, improves cohesion between cells, repairs integrity of epidermis, reduces skin reactivity and sensitivity
Sea whip (Gorgonian) Extract	Rich in powerful anti-inflammatory compounds called pseudopterosins which inhibit the arachidonic acid cascade
Symsitive 1609 (4-t-Butylcyclohexanol)	Sensory relief, calming reactive skin types and hyperactive nerves to give immediate relief from burning, stinging and tingling, also strengthens protection and reduces further irritation
Aloe Vera Gel-Eco (Aloe barbadensis) extract 	Wound healing, stimulates fibroblast growth, reduces inflammation and increases collagen synthesis
Marrubium Stem cell (Marrubium vulgare meristem cell culture) extract	Rich in phenylpropanoids (i.e. forsythoside B and verbacoside) which are defensive molecules that protect the skin against oxidants and activate the skins self-defense systems
Delisense (Acetyl Hexapeptide-46)	Down regulates PAR-2 thus reducing discomfort of pain and itching occurring in sensitive skin and restoring damaged barrier integrity, also increasing hydration, improves scaling, smoothing and softness in very dry skin
